Re: Annual Certification of NOx and VOC Emission Credits
A. I. No. 1138

Gentlemen:

On April 3, 2001, Borden Chemicals and Plastics Operating Limited Partnership (BCP) filed for bankruptcy in District Court in Delaware. Unable to sell all of its assets, a new entity, BCP Liquidating, L.L.C. (BCP Liquidating) was formed to oversee the final liquidation of the BCP assets. In a letter dated March 13, 2003, BCP Liquidating informed the Louisiana Department of Environmental Quality of the transfer of ERCs from BCP to BCP Liquidating.

As required under LAC 33:III.613.B.2, BCP Liquidating is submitting the enclosed completed annual report and certification summarizing the status of emission reduction credits for calendar year 2003.

Should you need any additional information or have any questions, please call me at (225) 924-4187.

Sincerely,

Marshall D. Owens, Jr.

Instructions:

- 1) Only transactions occurring during the baseline calendar year should be entered. Submittal of this form cannot serve as an ERC application.
- 2) Enter one transaction per line. Transactions should be input chronologically to the extent practicable.
- 3) Amounts should be specified in tons per year (TPY).
- 4) This form is being provided to facilitate the proper submittal of information required by §13.B.2. If a reporting facility chooses not to use this form, its submittal must address the information specified in §13.A.5. Pursuant to §13.C, the following certifying statement should be included and signed by a responsible official as defined in LA-C 33 III.502: "I certify, under provisions in Louisiana and United States law which provide criminal penalties for false statements, that based on information and belief formed after reasonable inquiry, the statements and information contained in this ERC Annual Report, are true, accurate, and complete."

This certification should include the full name, title, and signature of the certifying official and the date of signature.
